

## Medication Assisted Treatment

(Suboxone/Buprenorphine)

We are now treating Opioid Use Disorder

Our providers are prescribing Suboxone/Buprenorphine

Would Medication Assisted Treatment be a good option for you?

- Are you currently using opioids?
- Do you have a dependency on opioids?
- Do you have cravings for opioids?
- Do you experience withdrawal symptoms when you do not have opioids?
- Do you want to stop using opioids?

*If you answered “yes” to all or some of the questions above you may be a good candidate for Medication Assisted Treatment.*

We are affordable, supportive, and stigma free
